Carnegie Believes World Will See Permanent Peace When Present War Ends

Crime Against Civilization That a Few Men Comprising the Military Caste of Germany Should be Able to Flunge Europe in War—Is Ready to Assist in Effecting Peace.

Washington, Dec. 11.—Andrew Carnegie, a White House caller today, expressed decided opposition to a truce in the European war during the Christmas holidays. He declared it would be unchristianlike and immoral to stop the fighting and then he said it again. He added that he could not believe that any nation which admitted such a suggestion was doing it sincerely.

Mr. Carnegie gave it as his opinion that the military caste in Germany was responsible for the war, but that at the time hostilities broke out the Kaiser was ill and opposed to the war.

The Kaiser has told me that he took the greatest pride in the fact that he resigned for many years without being involved in war," Carnegie said. "But he was surrounded by a ring of militarists who were eager for war at any price."

Mr. Carnegie said he believed that the world would be so horrified over the war that permanent peace would follow. He said his peace foundation would continue its work and that he believed ultimately international arbitration would settle all disputes. He declared children should be taught the horrors of war rather than to admire soldiers and their deeds.

Mr. Carnegie showed interest at a suggestion to him that he might be called upon by the president to help bring about peace when the time came.

"It will do anything I possibly can," he said.

he said. "I believe Mr. Wilson earnestly desires peace and the entire country should support him."

For the men in the trenches," Carnegie expressed sincere sympathy. "They had nothing to do with bringing about this terrible conflict. It is terrible that so many widows and orphans are being made because a few men wanted to go to war. It is terrible that all the scientists and other men of culture in Germany are not allowed to advise the Kaiser instead of the small clique of military men."

He is not sure how long it will be before a great reaction after this war. Private individuals used to fight when they had differences, but now they go to court. I sincerely hope to see the day when nations will settle their differences in the same way. There can be an international police force created to enforce the decisions of courts. I believe that as police officers now enforce the decisions of courts, so nations should speak of Germany's part in the war. I believe that the Kaiser is a great sympathizer for the emperor was ill when the conflict broke out as he is now. He expressed great sympathy for the emperor and said he knew his heart must be broken over the break in his peace of reign."

When Mr. Carnegie spoke of the horrors of the war, his voice wavered and tears showed in his eyes.

KING CONGRATULATES SIR FREDERICK STURGE.

London, Dec. 11.—King George V. sent a message of congratulation to Vice-Admiral Sir Frederick Sturge and the men of his squadron for their victory in the capture of the German submarine, U-9, off the Falkland Islands. Sir John French, commander-in-chief of the British land forces, congratulated Admiral Sturge on behalf of the army. The message he sent read: "I am glad to hear that you are having practically swept the sea of the enemy."

tion of the marines by last week's news. It was about as far back as well-known. A theatrical tent has been pitched by some well-knowns who so far have not revealed their identities. The troupe are promised a series of concerts and theatrical entertainments by London professionals. The same tent is used on Sundays for religious services.

The machine guns have arrived for the machine gun sections and target practice is now in full swing.

Around the City

The Temperance and Moral Reform Association desire it to be distinctly understood that they are supporting W. T. Henry for mayor and Messrs. Calder, Ramsey, Peard, McArthur, Frith and Williamson as aldermen.

Freight to Prince Rupert.—There has been some complaint made to the board of trade in respect to the through freight service over the C.P.R. to Prince Rupert. The board has now received assurance that on Wednesday of each week a special car will leave Edmonton for Prince Rupert, arriving there on Sunday night. This should be of considerable advantage to Edmonton shippers.

Mrs. McChung to speak.—It was expected that there will be a large attendance at the First Presbyterian church on Saturday afternoon to hear Mrs. McChung, late of Winnipeg, now of Edmonton. Mrs. McChung is of western birth and bearing, and gives evidence of the fact both in her looks and her platform address. She has been a force for good not only in Manitoba, but throughout Canada and in the United States as well. She is a notable acquisition to the intellectual life and activity of Edmonton.

It is to be hoped that the rumor that Superintendent Primrose is to be transferred to the city of Edmonton at the beginning of the year is unfounded. Mr. Primrose has had a long and honorable career in the C.N.R. and he deserves the post of superintendent of Edmonton. There is no doubt that he will be a terror to evil-doers and a praise to them that do well. That is to say, he will be the preserver of the bench for the purposes for which they were created.

Fire at North Edmonton.—Shortly after three o'clock this afternoon a fire broke out in a building at the corner of 1st and Main street, North Edmonton. An examination of the cause was the cause. The fire was extinguished before any damage had been done.

R. Creelman, a Winnipeg, general passenger agent of the C.N.R. is in the city today accompanied by W. Stapleton, of Saskatoon, district passenger agent. Mr. Creelman says that in the different cities business is slower at country points than it seems to be. He has no lack of money. In order to accommodate the rush of Christmas traffic to the east, the C.N.R. will run a through electric lighted tourist car from Edmonton to Winnipeg, the 1st, 3rd, 5th, 7th, 9th, 11th, 13th, 15th, 17th, 19th, which will land people in different parts of the city in time for Christmas Day. These cars will run directly through from Edmonton to Toronto and will be of great convenience to people going east for the Christmas holidays.

VACANCIES FOR 400 MEN. The 101st regiment paraded at the Fourth street armory at 10 o'clock last evening. Since the departure of the present contingent there are vacancies for about four hundred men in the local regiment. The 101st is a provisional school of instruction. The men who are to be accepted will be from the ranks of the regiment, in which they may make themselves efficient to hold rank and non-commissioned officers. To those men present the final examination certificates will be granted.

ORDER FOR 100 KADJAKS. The Edmonton Saddlery and Harness Avenue East, have received an order from the military authorities for 100 saddles of the military type with the necessary fittings. The value of this is approximately \$4,000. It has to be filled by February 1st. The company expect to be able to fill the order promptly without inconvenience and are ready to accept much larger orders, so that they may give employment to a larger number of men. The previous order received by the company has to be completed and ready for shipment this month.

In the police court this morning, with Magistrate Macdonald presiding, Peter Dick, who was arrested some time ago by the police as being an alien enemy, was committed for trial on the charge of treason, and on the charge of having arms and ammunition in his possession, was remanded until Tuesday next. Daniel Zille, who pleaded guilty to breaking and entering a house in Carey street, was given six months with hard labor. Ben Hong, charged with being the keeper of a disorderly house, namely the Black Cafe, First street, and Marie Miles, accused of being an inmate, were remanded until Tuesday. Wasyl Dauchuk was given twelve months for having stolen goods in his possession. E. Murphy and W. S. Smith, charged with attempt to conspire, were remanded until the 17th. 30,000 HORSES 12,000 MULES FOR GERMANY

Agents Now in Texas Making Purchases—Just How They Will Get Across Atlantic Is Not Known.

Dallas, Texas, Dec. 11.—Negotiations for the purchase of 30,000 horses and 12,000 mules, which, it is said, are to be sent to Germany, are under way in Texas, according to an announcement here today. It was said that the animals are to be shipped from this state to Genoa, Italy, but dealers expressed the belief that they would be forwarded from there to Germany.

It was said European agents would spend three million dollars for Texas horses and mules.

MURDER AT WHITBY.

Whitby, Ont., Dec. 11.—William Stone, aged 21 years, Grand Trunk Railway operator here, was shot through the heart at midnight last night. The murderer got away. Some phoned the police that he had been shot by some one unknown and before the chief could reach the station, he was dead. His parents reside here.

HAS THE DRESDEN BEEN SUNK ALSO?

Buenos Ayres, Dec. 11.—Unconfirmed reports received here insist that the Dresden, the last of the German cruisers, has been sunk eight hours after the Nürnberg.

COAL VERSUS GAS

IF YOU WANT PROOF that natural gas is a failure go to Indiana and see the scores of factories closed down on account of the gas petering out, after millions of dollars have been invested. What advantage would Edmonton have by discarding the steady supply of the best domestic coal on earth and entertain a very doubtful substitute, thereby throwing out of employment hundreds of miners and teamsters?

The laboring man has been a kind of fiddle played upon by demagogues for the past six years, and what has he gained?

A raise in his water rates, in his telephone rate, and raised to 5c straight for a ride in the street cars and now he is asked to vote for cheap gas on the say-so of the same man who has played him for a sucker, and vote himself out of a job.

HAVE MOVED TENTS OUT OF THE MUD AT SALISBURY PLAIN

Four Battalions of First Canadian Brigade of Canadian Contingent Comfortably Located

WINTER HUTS BEING COMPLETED RAPIDLY

Theatrical Tent Erected Upon Plain in Which London Professionals Will Act

Salisbury, Eng., Dec. 11.—All four battalions of the first brigade have now moved their tents out of the mud on to the hillside and are so comfortable that they do not care if they never go into the huts. Band progress with the latter has been made lately, the Canadians moving in as the groups are completed. The officers of the first brigade now enjoy civilian messes maintained by themselves and welcome the change from the sorry experience of catering by private contract.

Major H. B. Verel, of the government's first brigade, however, is in hospital suffering from a cold and influenza.

The Right Way to Strike a Match

Once in a while we have complaints about our matches breaking in two. This is no fault of the match, as Eddy's Matches are made from specially selected straight-grained wood only. For the benefit of those who are still in ignorance of the proper way to hold a match (and there are many) we give the following rule:

- "The fore finger of the right hand should"
- "be placed over the tip of the match and"
- "withdrawn quickly when the flame comes."
- "This prevents any undue leverage on the"
- "match, and instant prevents one getting"
- "one's finger burned."
